

Homework 27

Due in class on Thursday, December 8th.

Our final reading returns to the question of social justice in education and takes up the question of how this connects with science. I look forward to hearing your thoughts on this! Please briefly review the Gatto reading on “The Seven-Lesson School Teacher”, which we will also discuss.

To read:

1. Read the chapter of Ivan Illich’s book *Tools for Conviviality*, “Recovery”:
