

Homework 4

Due by lab Friday, February 7th.

1. Start thinking about your ‘Commander’s Intent’ for the first Learning Experiment. You don’t have to submit anything yet for this, but I want you to start envisioning a longer term learning project that you want to invest your time in.
2. Read [Chapter 2](#) of *Made to Stick* by C. Heath and D. Heath. (Reminder: *Made to Stick* is one of the texts I want you to purchase, so this is the last excerpt that I will post online.)
3. After reading the *Made to Stick* excerpt, close the book and write a one paragraph summary of the most important points. **Submit** this summary to our shared folder before lab on Friday.
